#### How to apply:

#### Complete the application form:

Return the form to the Registrar's Office with the application fee. The information on this form becomes part of your student record. Answer all questions fully and accurately. Failure to do so may result in processing delays.

#### **Application Fee:**

A non-refundable application fee must be submitted with each application form. The fee for domestic students is \$30. The fee for international students is \$100. Applications received without the fee will be returned unprocessed. Returning students who have not attended their program for three consecutive semesters, or students applying to new programs, must pay a non-refundable reapplication fee (\$30 Domestic / \$100 International).

#### **Supporting Documentation:**

You must submit an official secondary school transcript with your application to provide proof that you have met the College General Admission Requirements and the English Language Proficiency Requirement. Please see the calendar at douglascollege.ca/calendar for more details concerning general and program specific admission requirements. If you are currently enrolled in Grade 12 and have requested that your interim and final transcript come directly to the College from the BC Ministry of Education, you may apply without supporting documentation. Please note that all documents become property of the College.

#### **Limited Enrolment Programs:**

Limited Enrolment programs are career-focused programs such as Nursing, Youth Justice, and Print Futures. These programs have a limited number of seats that can be offered to students, so entry can be competitive. Applications submitted after program deadlines will be moved to the next available intake.

It is strongly recommended that Limited Enrolment program applicants also submit an application to an Open Enrolment program on this form.

#### **Open Enrolment Programs:**

Open Enrolment programs include Arts, Academic Foundations, Science, and other university-transfer programs. Students choose their courses from a wide variety of subjects such as History, Biology, English, Philosophy and many others.

Applicants may apply to up to three (3) programs per application form. An applicant can only have two active applications for Limited Enrolment Programs and one active application for Open Enrolment Programs at any one time.

All applicants to all programs are advised to consult the Douglas College calendar at douglascollege.ca/calendar for admission requirements, application deadlines and other important details.

#### **International Students:**

International students may apply to many, but not all, programs at Douglas College. Please contact Douglas College International for information on programs and application deadlines. douglascollege.ca/dci
